## DETAILED ACTION

### *Claim Rejections - 35 USC § 102*

The following is a quotation of the appropriate paragraphs of 35 U.S.C. 102 that form the basis for the rejections under this section made in this Office action:

A person shall be entitled to a patent unless –

(b) the invention was patented or described in a printed publication in this or a foreign country or in public use or on sale in this country, more than one year prior to the date of application for patent in the United States.

Claims 1-16 are rejected under 35 U.S.C. 102(b) as being anticipated by Eschelbach et al (#6,234,553).

Eschelbach et al show a split folding seat assembly comprising a pair of seats (22) comprising a pair of seat cushion frames being movably mounted by their front edges to a pair of legs (42), the pair of seat cushion frames having rear edges movably mounted to a corresponding pair of seat back frames by pair of seat folding links. A seat cushion lies on top of the seat cushion frame. Two pair of seat legs having one end of each of the two pair of seat legs are mounted to the front edge of each of the seat cushion frames and the other end of each of the two pair of seat legs are moveably mounted to a floor. Each of the seat back frames has a head restraint mounting member and a seat back cushion.

With claims 2,6,10, and 14, one of the seat back frames has an additional head restraint support member.

With claims 3,7,11, and 15, a storage compartment is provided.

With claims 4,8,12, and 16, the seat assembly is mounted on a vehicle floor.

### ***Response to Arguments***

Applicant's arguments filed August 5, 2005 have been fully considered but they are not persuasive. The applicant has argued that the prior art of Eschelbach et al does not disclose the applicant's claimed invention. The examiner disagrees with this argument. It is best interpreted that the prior art of Eschelbach et al shows a split folding seat assembly comprising a pair of seats (22) comprising a pair of seat cushion frames being movably mounted by their front edges to a pair of legs (42), the pair of seat cushion frames having rear edges movably mounted to a corresponding pair of seat back frames by pair of seat folding links. A seat cushion lies on top of the seat cushion frame.

### ***Conclusion***

**THIS ACTION IS MADE FINAL.** Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire **THREE MONTHS** from the mailing date of this action. In the event a first reply is filed within **TWO MONTHS** of the mailing date of this final action and the advisory action is not mailed until after the end of the **THREE-MONTH** shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than **SIX MONTHS** from the mailing date of this final action.
